Make a Simple Label

Let's make a serial number with date for your users manual.

1. Consult your box for the serial number.
2. Your display should show **1** (for line 1) and a flashing cursor.
3. Enter the serial number. Press **Return** ➥
4. Your display should show **2** and a flashing cursor.
5. Enter today's date. DO NOT RETURN.
6. Press **Preview**🔴▼. Review the information to see if it is correct.
7. Press **Print** ■
8. Peel off paper backing and apply.

Change the Font

The BEE3®, BEE3®+ comes with 14 fonts.

SansSerif	US Roman	Reisho
SansS. HG	Roman	B R
