

The Ultimate Labeling System

Professional PC-Labeler For Industrial, Laboratory, Medical, Electrical, Utility, Warehouse & Office Applications

 **LABELShop[®]**
2010-PC

Use the power of your PC and the K-Sun LABELShop[®] 2010-PC printer with MaxiLabel[®] V2 Windows[®] Software to create professional labels in seconds.

K-SUN INTRODUCES...

the ultimate professional labeling solution

The K-Sun LABELShop® 2010-PC Printer with MaxiLabel® V2 Windows® Software will satisfy all of your labeling needs. You can make labels you need, when you need them, in-house and on demand.

- ... 500 built in symbols (ANSI, IMO, PPE, Target Organs & Signal Words in multiple languages).
- ... Small footprint compact printer for desktops & benches so it can remain readily available at all times.
 - ... Prints labels with pictographs, symbols, horizontal or vertical formats.
 - ... Uses flexible, durable industrial adhesive labeling tapes.
 - ... Prints on heat shrink tube material, wire wrap over lamination tape & general industrial tapes.
 - ... Date & time stamp.
 - ... 8 bar code formats.
 - ... Auto-cut or continuous printing for maximum tape flexibility (up to 90.5").
 - ... Industrial adhesives hold firm under a wide variety of conditions.
 - ... Tape cartridges load easily & conveniently from the top.
 - ... 6 labeling tape sizes for all your labeling purposes (1/6", 1/4", 3/8", 1/2", 3/4" & 1").
 - ... Over 60 color and size tape combinations (see back panel).
 - ... Uses full size screen and keyboard for viewing & creating convenience.
 - ... User friendly software and FREE technical support.
 - ... Imports Excel files to eliminate repetitive entry.
 - ... Saves on tape – Special setting to reduce margin length. View and edit changes before printing.
 - ... Microsoft® WHQL certified for use with Windows® XP, 2000, ME, 98 & NT.

Add Symbols to Your Labels for Easier & Better Visual Communication

This software contains hundreds of general business, office, videos, music, plant and animal, food identification, safety symbols and a lot more. Additional software libraries are also available for Homeland Security, Electrical, Laboratory, and other custom symbols. Unique application symbol libraries can be developed and purchased separately for applications where more specific symbols are needed on labels. Contact your authorized K-Sun reseller for information on custom software symbol libraries.

K-Sun's LABELShop® 2010-PC
*provides all the labeling power and convenience
needed for every application!*

MaxiLabel® V2 Windows® Software

*New User Friendly MaxiLabel® V2 Software Features Wizards
& Drag & Drop Functions for Easy Label Design.*

made with 2-1" labels

150 Pre-Set Wizards – Speeds users through label design.

Tape Image Display – Previews layout, tape background color & font color during the designing process.

Draw Graphics – Draws straight lines, squares, polygons, circles, fan arc, bow & Bezier curve.

Split Image Printing – Creates labels up to 8 inches wide by dividing image over multiple tapes (for larger labels & signs).

Uses Microsoft® Excel Files – In .xls or .csv formats to create labels with pictographs and bar codes.

Insert Text & Graphics – Multiple functions allow user to edit characters, graphics, blocks, typefaces, size, style, line types & thickness, background, borders, texture & shapes. Import logos, symbols & images into label design.

Print labels created with other software applications (Word, Excel, etc.).

Templates – Includes Word 97/98/2000/2002/2003 & Excel 97/2000/20002/2003 templates enabling users to create text easily with appropriate format, margins & tape width settings.

Easy-View Edit Screen – Lets user check label width and length at a quick glance before printing.

Multiple Label Design Formats – Bold, italics, underline, shadow, strike through, vertical, horizontal, outline, justification, alignment, rotate text & graphics, True Type fonts & more.

Alpha-Numeric Sequence – Use for parts, inventory, testing label identification.

Tape & Heat Shrink Tube Supplies

EAN-8/EAN-13, CODE 39, CODE 128, UPC-A, UPC-E, NW-7 (CodeBar), ITF (Interleaved 2 of 5)

Recommended Operating Environment

OS—Windows® 98, 98SE, ME, 2000 Professional, XP Professional, XP Home Edition
 CPU—233MHz (XP: 500MHz)
 MEMORY—128MB (XP: 192MB)
 HARD DISK—20MB
 DRIVE—CD-ROM
 DISPLAY—800x600 (SGVA/High Color Resolution)
 INTERFACE—USB Port/USB Cable (included)

Tape and Shrink Tube Specifications

K-Sun LABELShop® Tape and Shrink Tube Cartridges fit all K-Sun LABELShop® brand label printer models. The labeling tapes are made of durable, all weather polyester base material with a permanent, industrial grade acrylic adhesive. Tapes are flexible for curved surface labeling and the adhesive can be adhered to itself for wire tabbing and flagging. Tapes have 5-7 year outdoor life depending on exposure conditions.

The shrink tube material is an industrial grade polyolefin base material. The shrink rate of the shrink tube material is 50% or more in diameter and 15% or less in length. Wire wrap tape prints on white area & has a clear tail that overlaps printing for extra protection.

Labeling tape, shrink tube material & wire wrap tapes are printed with resin thermal transfer ribbon for UV, scratch, fade, chemical, and smear resistance.

K-Sun LABELShop® 2010-PC Kit Contains:
 K-Sun LABELShop® 2010-PC Printer
 MaxiLabel® V2 Software
 USB Cable
 1 Tape Cartridge
 AC Power Adapter
 Manual
