BEE3+™ "TERMINATOR"

Wide Format Heat-Shrink Tube and Industrial Label Printer Kit

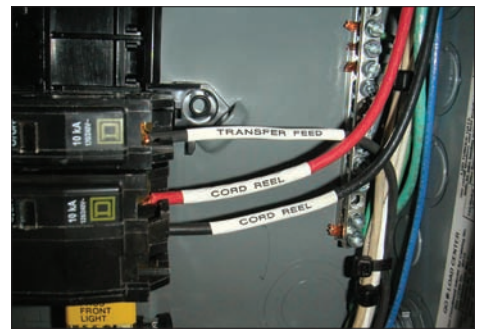

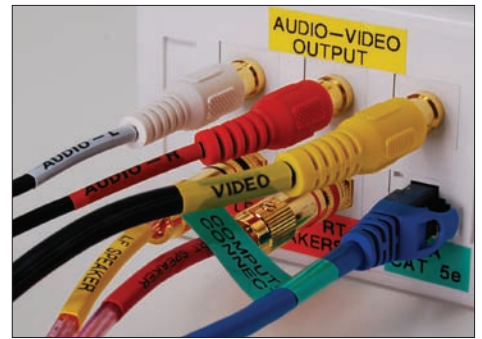

with 3-year unconditional warranty!

The BEE3+™ Kit contains the BEE3+™ printer with rubber edge guard, AC or DC auto adapter, case, (1)1/2" black on white heat-shrink tube cartridge, (1)1/2" black on white tape cartridge, wrist strap and 6 AA batteries.

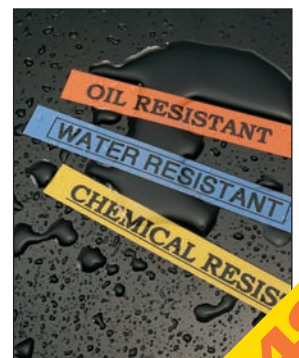

K-Sun's new LABELShop® BEE3+ is the professional's best choice for heat-shrink tube identification and general custom labeling of instruments, wires, cables, panels, terminals, face plates, tools, and equipment.

- BEE3+™ offers 11 different heat-shrink tube sizes and colors, including new wide-format 1/2" sizes.
- Save up to 50% off the cost of heat-shrink materials compared to leading competitors.
- More heat-shrink tube material in each cartridge offers better value and convenience.
- 58 different colors and sizes of polyester adhesive-backed industrial labeling tapes
- Front loading and transparent cartridges make operation and supply identification quick and easy.
- Auto or manual tape and heat-shrink tube cutter for speedy label production and reduction of tape waste.
