- Manual

*Case & adapter optional*

**Tackle your labeling needs with these versatile and feature-rich industrial labeling and bar code printers. Models 2011XLB and 2011XLB-PC are easily transported for use on the job site, but are still well suited for the office, plant or lab. Model 2011XLB-PC offers the added advantage of connectivity to a personal computer and comes with the MaxiLabel® Pro software.**

### Both Printers:

- Print labels up to 72 inches (6 feet)
- Are lightweight and easy to carry at 1.9 pounds
- Contain 14 different fonts and a variety of font styles available
- Include multiple types of symbols
- Repeat printing up to 100 times
- Offer more than 60 colors and sizes of tape combinations
- Include the exclusive PeelGuard™ tape trimmer
- Run on 6-AA batteries or LSAD-3 AC power adapter (included with PC model)

**2011XLB**

**Exclusive 6-month warranty**

## Portable, PC-Compatible K-Sun industrial labeling and bar code printer for desktop or job site.

Tackle your labeling needs with this portable, PC-compatible industrial labeling and bar code printer. Model 2011XLB-PC is easily transported for use on the job site, but is still well suited for the plant, laboratory, facility, electrical, aviation, warehouse or office applications.

### 2011XLB-PC Printer Kit Contains

- 2011XLB-PC thermal transfer label printer
- MaxiLabel® Pro Windows® software CD
- USB cable
- AC adapter
- Tape cartridge
- 6-AA batteries
- Tape liner cutter tool
- Printed machine manual
- Software manual on CD

### New MaxiLabel® Pro software streamlines labeling

MaxiLabel® Pro software gives the K-Sun LABELShop® 2011XLB-PC printer true PC compatibility. Import logos, graphics and symbols into custom label designs. One hundred-and-fifty pre-set Wizards, speeds users through label design. Software has tape management capability to reduce label margins and preview layout before printing to reduce mistakes and wasted tape. MaxiLabel® Pro software has eight bar code formats and a date and time stamp function for medical and food labels. Software allows labels to be created in other applications such as Word and Excel. Labels created can be stored in the software for recall and printing later. MaxiLabel® Pro software has many symbols and capability to import custom symbol libraries for Laboratory, Medical, Homeland Security and Electrical applications.

## MAXILABEL® PRO

### Recommended Operating System

OS: Windows® 98, 98SE, ME, 2000 Professional, XP Professional, XP Home Edition  
 CPU: 233MHz (XP: 500MHz)

 Hard Disk: 20MB  
 Drive: CD ROM  
 Display: 800x600 (SVGA/High Color Resolution)  
 Interface: USB Port/USB Cable (included)

### AC Power Adapter

The LSAD-3 AC power adapter meets the new California Energy Commission's minimum efficiency and no-load energy reduction standards (international versions of adapter are also available).

2011XLB-PC

**K-Sun LABELShop®**  
2011XLB-PC

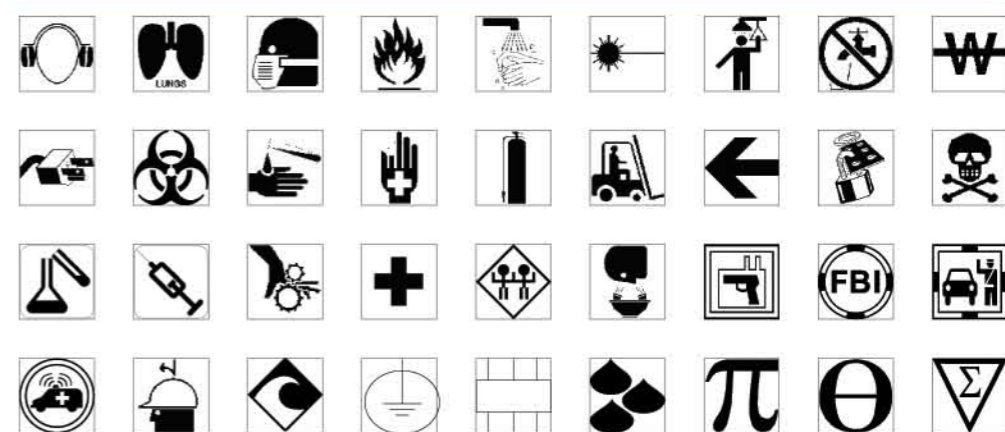

- 5,000 character memory stores 99 files
- 1 to 8 lines of text
- Larger keys for easier text entry and editing
- Label length preview on LCD screen saves tape waste
- Enlarge print function makes labels up to 4 inches high
- Alpha-numeric sequencing
- Auto label cut or continuous printing
- Horizontal and vertical printing

## Add symbols to your labels for easier & better visual communication.

K-Sun LABELShop® models 2011XLB and 2011XLB-PC contain more than 1,115 special European, Latin American and Greek letters including hundreds of abbreviations, arrows, parenthesis, number combinations and unit identification symbols. The printers also contain hundreds of special symbols for Safety, Electrical, Environment, Public Signs, Construction, Medical and Hospital, Food, Special Occasions, General Living and Seasons. Symbols placed on adhesive labels are important for clear communication especially for multi-cultural individuals in the work-force. Better labels improve safety and organization. Symbol libraries are organized into two groups, A&B, for easier location.

### Additional labeling symbols also available

## Turn your K-Sun LABELShop® into a sign shop too!

Enlarged printing makes labels up to 4 inches high

# New PeelGuard™ tape trimmer provides unsurpassed label durability

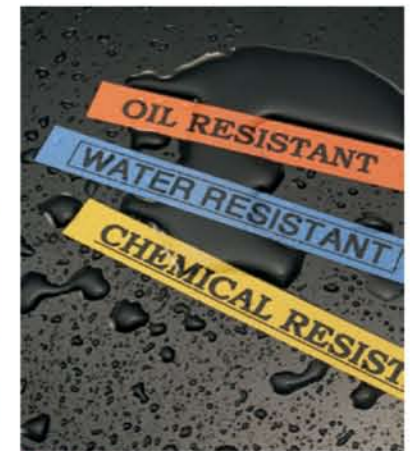

K-Sun Corporation developed a breakthrough in automatic label edge trimming to reduce unwanted corner peeling.

This optional electronic label trimmer is built into every new K-Sun LABELShop® printer. It trims labels to a rounded corner format, virtually eliminating the corner peeling headaches frequently experienced with standard square edged labels. Rounded label corners stick a lot better and look more professional, giving users a truly industrial label.

The new PeelGuard™ tape trimming function insures higher industrial label durability than ever before and it's only available on K-Sun LABELShop® printers.

K-Sun LABELShop® offers more than 60 color and size labeling tape combinations.

## Tape Specifications

K-Sun LABELShop® tapes fit all K-Sun LABELShop® brand label printers. Tapes are made of durable, all-weather polyester base film with a permanent industrial-grade acrylic adhesive protected by a silicone release liner paper. Tapes are flexible for application to curved surfaces.

The adhesive can be adhered to itself for wire tabbing and flagging. Tapes have a 5-7 year outdoor life depending on the exposure conditions. Labeling tapes are printed with resin thermal transfer ribbon for UV, scratch, fade, chemical and smear resistance.
