ECO450

A2 Pouch Laminator

- Dual Heating System (hot roll with hot plate)
- All metal heavy duty construction
- Variable temperature control
- Laminates both hot and cold
- Suitable for hot foiling and mounting
- Bubble free photo lamination
- Overheat protection mode
- Power and ready light indicator
- Auto shut off function/ECO mode function
- Forced shut off
- Auto fault alert
- Anti-Jam reverse mode

- ECO mode Phase 1 reduces the temperature to 80° C for energy saving after a period of approximately 30 minutes
- ECO mode Phase 2 automatically shuts off the machine after a period of 60 minutes
- Auto switch off, enables the operator to leave without waiting for the machine to cool down. Just press and hold the heat button for 3 seconds when the roller temperature reaches 80° C, the machine will automatically switch off.
- Auto fault alert displays the fault type and then shuts off the machine for safety. Please refer to machine operation manual.

Technical Specifications:

Product Code & Model Name:	**ECO450** – Pouch Machine 450mm
Dual Heating System:	Up to 160° C
Laminating Speed:	0.65m/min
Maximum Laminating Width:	≤ 450mm
Maximum Laminating Thickness:	Up to 1mm
Laminating Film Thickness:	Up to 250 microns
Power Consumption:	800W

Warranty
12 Months Parts Only

Australian RCM Certified

AC 240V (50Hz) 650W
